1. INFORMATION IDENTIFYING THE HOLDER OF THE QUALIFICATION

1.1. Family name(s): [Redacted]
1.2. Given name(s): [Redacted]
1.3. Date of birth: 30.08.1986
1.4. Student identification number: 21003443

2. INFORMATION IDENTIFYING THE QUALIFICATION

2.1. Name of the qualification: Bilgisayar Mühendisliği, Yüksek Lisans

2.2. Main field(s) of study for qualification: Computer Engineering

2.3. Name and status of awarding institution:
   İ. D. Bilkent Üniversitesi: Özel, Kanunla Kurulmuş, Devlet Tarafından Tannan Üniversite
   İ. D. Bilkent University: Foundation-supported Public Legal Entity, Non-profit, State-recognised

2.4. Name and status of institution administering studies:
   Same as 2.3.

2.5. Language(s) of instruction/examination:
   100% English

3. INFORMATION ON THE LEVEL OF THE QUALIFICATION

3.1. Level of qualification: Second Cycle (Master's Degree)

3.2. Official length of programme: 2 years, 2 semesters per year, 16 weeks per semester, 120 ECTS

3.3. Access requirements: Bachelor's degree.
   Admission to post graduate programmes is based on a nation-wide postgraduate education entrance examination (ALES)
   Certificate of English Proficiency (IELTS score of 6.5, FCE score of C or TOEFL score of 213 in computer based or equivalent in an internationally recognised English Proficiency Examination including the Bilkent University English Proficiency Examination)
4. INFORMATION ON THE CONTENTS AND RESULTS GAINED

4.1. Mode of study:

Full-time

4.2. Programme requirements:

Requirements
A student is required to have a minimum CGPA of 3.00/4.00 and no failing grades, and defend a thesis. The minimum course load is 8 courses (at least 24 credits), and one non-credit seminar course.

Objectives
* To create and disseminate new knowledge through research and publications in core and emerging areas of the computer engineering discipline.
* To contribute to the development of dedicated scholars, devoted educators, and innovative researchers.

4.3. Programme details and the individual grades/marks/credits obtained:

4.4. Grading scheme and grades:

The University grading system uses letter grades with pluses and minuses. Letter grades and their grade point equivalents are:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Point</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>4.00</td>
</tr>
<tr>
<td>A</td>
<td>4.00</td>
</tr>
<tr>
<td>A-</td>
<td>3.70</td>
</tr>
<tr>
<td>B+</td>
<td>3.30</td>
</tr>
<tr>
<td>B</td>
<td>3.00</td>
</tr>
<tr>
<td>B-</td>
<td>2.70</td>
</tr>
<tr>
<td>C+</td>
<td>2.30</td>
</tr>
<tr>
<td>C</td>
<td>2.00</td>
</tr>
<tr>
<td>C-</td>
<td>1.70</td>
</tr>
<tr>
<td>D+</td>
<td>1.30</td>
</tr>
<tr>
<td>D</td>
<td>1.00</td>
</tr>
<tr>
<td>FX</td>
<td>0.00</td>
</tr>
<tr>
<td>FZ</td>
<td>0.00</td>
</tr>
</tbody>
</table>

The letter grades A+ and FX were instituted beginning with the 2010-2011 academic year. Additionally, the letter grade FZ introduced in 2012-2013 academic year spring semester.

Letter grades without grade point equivalents:
- I (Incomplete): Temporary grade signifying incomplete work; to be later replaced with another grade.
- W (Withdraw): Student has withdrawn from the course before the end of the semester.
- T (Transfer): Student has taken the course at another program or another university.
- S (Satisfactory) and U (Unsatisfactory): Used for non-credit courses.

The semester grade point average (GPA) is computed as the sum of the products (Bilkent credits x quality points) divided by the sum of the Bilkent credits of courses in that semester.

The cumulative grade point average (CGPA) is an overall average computed as the sum of the products (Bilkent credits x quality points) of all the grades divided by the total number of Bilkent credits achieved.

4.5. Overall classification of the qualification:

- Genel NOT Ortalaması: 3.73 / 4.00
- Cumulative Grade Point Average: 3.73 / 4.00

5. INFORMATION ON THE FUNCTION OF THE QUALIFICATION

5.1. Access to further study:

May apply to third cycle programmes.

5.2. Professional status:

This degree enables the holder to exercise the profession.

6. ADDITIONAL INFORMATION

6.1. Additional information:

* The Registrar's Office e-mail: registrar@bilkent.edu.tr

6.2. Further information sources:

* Bilkent University Catalogue for Undergraduate and Graduate Programmes: http://catalog.bilkent.edu.tr
* The Turkish ENIC-NARIC web site: http://www.enic-naric.net/members.asp?country=Turkey
8. INFORMATION ON THE NATIONAL HIGHER EDUCATION SYSTEM

Structure and Degree System

The basic structure of the Turkish National Education System consists of stages of noncompulsory pre-school education, compulsory primary (elementary and middle school) and secondary (high school) education; and higher education. Primary education begins at the age of 5.5 (66 months), lasts eight years and comprises elementary and middle school education, four years each. Secondary education is also four years and divided into two categories as "General High School Education" and "Vocational and Technical High School Education". The entry into these categories is through competitive scores obtained from a centralized exam for secondary schools.

Higher education system in Turkey is managed by the Council of Higher Education (CoHE, Yükseköğretim Kurulu-YÖK) which is an autonomous public body responsible for the planning, coordination, governance and supervision of higher education within the provisions set forth in the Constitution of the Turkish Republic and the Higher Education Law. Both state and non-profit foundation universities are founded by law and subject to the Higher Education Law and to the regulations enacted in accordance with it.

Higher education in Turkey comprises all post secondary higher education programmes, consisting of short, first, second, and third cycle degrees in terms of the terminology of the Bologna Process. The structure of Turkish higher education degrees is based on a two-tier system, except for dentistry, pharmacy, medicine and veterinary medicine programmes which have a one-tier system. The duration of these one-tier programmes is five years (300 ECTS) except for medicine which lasts six years (360 ECTS). The qualifications in these one-tier programmes are equivalent to the first cycle (bachelor’s) plus second cycle (master’s) degree. Undergraduate level of study consists of short cycle (associate’s)- (lisans serefler) and first cycle (bachelor’s)-(lisans serefleri) degrees which are awarded after successful completion of full-time two-year (120 ECTS) and four-year (240 ECTS) study programmes, respectively.

Graduate level of study consists of second cycle (master’s)-yüksek lisans derecesi) and third cycle (doctorate)-( doktora derecesi) degree programmes. Second cycle is divided into two sub-types named as master without thesis and master with thesis. Master programmes without thesis require 60 to 90 ECTS credits and consist of courses and a seminar project. 90 ECTS non-thesis master programmes are exceptional, and exist in a few disciplines. The master programmes with a thesis require 90 to 120 ECTS credits, which consists of courses, seminars, a seminar, and a thesis. Third cycle (doctorate) degree programmes are completed having earned a minimum of 180 ECTS credits, which consists of completion of courses, passing a proficiency examination and a doctoral thesis. Specialization in medicine, accepted as equivalent to third cycle programmes are carried out within the faculties of medicine, university hospitals and the training hospitals operated by the Ministry of Health.

Universities consist of graduate schools (Institutes) offering second cycle (master’s) and third cycle (doctorate) degree programmes, faculties offering first cycle (bachelor’s degree) programmes, four-year higher schools offering first cycle (bachelor’s) degree programmes with a vocational emphasis and two-year vocational schools offering short cycle (associate’s) degree programmes of a strictly vocational nature.

Since 2003, first cycle degree holders may apply directly to third cycle (doctorate) programmes if their performance at the first cycle degree level is exceptionally high and their national central Graduate Education Entrance Examination (ALES) score is also high and their application is approved. For these students, theoretical part of the programmes requires additional courses of 60 ECTS credits.

Admission of national students to short and first cycle degree programmes is centralized and based on a nationwide one/two-stage examination(s) conducted by an autonomous public body (Assessment, Selection and Placement Centre-ÖSYM). Candidates gain access to institutions of higher education based on their composite scores consisting of the scores on the selection examination and their high school grade point averages. Admission to graduate programmes is directly conducted by the higher education institutions (HEIs) with the frameworks of the publicly available national and institutional regulations. Admission of foreign students to programmes at all levels of higher education can be done by direct applications of candidates to HEIs based on publicly available national and institutional regulations.

The Turkish National Qualifications Framework for Higher Education (TYYC): The National Qualifications Framework for Higher Education in Turkey (TYYC) developed with reference to the QF for European Higher Education Area and the EQF for lifelong learning was adopted by the CoHE in 2010. The framework has been developed as a part of a single national qualifications framework, which would eventually consists of 8 level national framework covering all levels of education on completion of the ongoing work at the national level, in which the higher education levels lie on levels between 5 to 8. The levels of the TYYC with reference to the European overarching qualifications frameworks as well as that to ECTS credits and student workload are shown below.
